

RETURN METALS TO ORIGINAL SHINE

Keystone Stainless Steel Polish Aerosol

- ▲ Removes light soils and returns sheen to metals
- ▲ Aerosol application clings to vertical surfaces
- ▲ Use it on walk-in coolers and freezers, service-line equipment, beverage machines, brass, chrome and aluminum surfaces

Easy-to-use aerosol spray
makes polishing kitchen
equipment simple.

Keystone Stainless Steel Polish Aerosol quickly returns kitchen equipment of all metal types to a beautiful sheen.

DIRECTIONS FOR USE:

1. Remove heavy soil from surfaces. Use Keystone Delimer for mineral soils and Keystone Greaselift for organic soils.
2. Shake can well before using.
3. Spray Keystone Stainless Steel Polish Aerosol onto dry stainless steel surface. Wipe with a dry cloth until shiny.

Keystone combines the foodservice knowledge of Sysco, with the cleaning and sanitization expertise of Ecolab. Our experienced and dedicated sales teams provide you personalized support to help you run a clean and safe operation.
