

SAFE FOOD, EVERY TIME

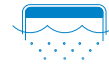

Keystone™ Day of the Week Food Rotation Labels

- Color-coded labels for each day of the week for easy use-by identification
- Blank area to write other information like the prep and use-by dates, name of the product and who prepared it
- Dissolvable paper labels completely dissolve in water to save on clean-up time and help eliminate bacteria-harboring adhesive residue
- Labels must be applied at temperatures above 20°F, but will stay on at temperatures between -40°F and 150°F

Keystone 2" Day of the Week Dissolvable Labels

Dissolvable paper labels dissolve within seconds when immersed in water of any temperature.
