

DISINFECT HARD SURFACES AND DEODORIZE IN ONE STEP

Asepticare

- Ready-to-use aerosol disinfectant/virucide
- Effectively disinfects and deodorizes hard surfaces in one step with a pleasant honeysuckle scent
- Targets viruses such as Norovirus and Influenza
- EPA Reg. No. 42964-17

DIRECTIONS FOR USE:

To Disinfect:

1. Clean surface prior to application.
2. Hold container 6-8 inches from the surface. Spray 3-5 seconds or until surface is wet.
3. Follow label for desired contact time for specific organisms. Time varies between 5-10 minutes.
4. Avoid using spray on delicate fabrics, lacquered, shellacked, or other finished wood surfaces.

To Control Mold & Mildew:

1. Clean surface prior to application.
2. Spray as above.
3. Repeat application in 7 days or as necessary to maintain control.

NOTES:

Consult your representative for specific use directions.

On **EPA's List N** for use during **COVID** when used in accordance with the direction for use against human coronavirus.
